PERSON 1

The next questions are about health insurance coverage and the kinds and amounts of income that people receive.

Read if necessary: The answers to these questions will add greatly to our knowledge about the health problems of the American people, the types of health care they receive, and whether they can afford the care that they need. The information will help in planning health care services and finding ways to lower costs of care.

There are several government programs which provide medical care or help pay medical bills.
